## **CLEANING INSTRUCTIONS**

### **GENERAL PURPOSE CLEANER**

**This all-purpose concentrated cleaning product will keep your new anti-slip floor clean & safe. It is also ideal for cleaning basins, bathtubs, urinals, toilets, washrooms & shower screen.**

**The Allsafe GMC cleaning product is specially manufactured with a blend of surfactants to remove dirt, bodyfats & soaps. Using this cleaner every time you clean the floor will **ELIMINATE** the possibility of the anti-slip treatment from being covered over. Use of other floor cleaners may result in the floor becoming slippery again.**

#### **FLOOR CLEANING DIRECTIONS:**

- 1) Mix 1 part of GMC with 30 parts of water.  
( Approx 300mls with 10 litres of water )**
- 2) Mop or brush the mix solution over the floor.**
- 3) Squeegee solution down waste outlet, or vacuum up with wet vac, or mop up using plenty of clean water.**

#### **SPRAY & WIPE:**

**Mix 1 part of GMC with 10 parts of water.**

#### **WASHROOM CLEANING:**

**Use undiluted for cleaning urinals & toilet bowls.**

**For further supplies contact your Allsafe supplier or customer support.**
